

## Pamela Ornelas

Doctoral researcher, Department of structural biology at  
Max Planck Institute Frankfurt am Main  
Coordinator of the MPI-bp Sustainability Group

## “Can we make wet labs sustainable?”

As scientists, we are often concerned with the pressing effects of climate change, however, our research has a huge impact on the environment! Is greener science possible? Join us to learn more about the environmental impact of wet labs, the benefits of green lab guidelines, and the sustainable initiatives at the Max Planck Institute of Biophysics.

**20 April 2023, 16:00**

**Followed by questions and discussion  
in IMB's Science Lounge, 17:00**

The seminar will take place in  
IMB's Seminar Room

All are welcome to join!
